

DESIGN

TO TRANSFORM

PRAVEEN JUYAL

Head, Design Centre of Excellence

BUSINESS **CHALLENGES**

In today's dynamically changing VUCA world , businesses are constantly facing challenges due to the changing landscape caused by the waves of digital disruption, change in customer expectations, increased competition and the paradigm shift in the core business offerings

The Struggle is real.

- Fragmented and mundane workflows
- Complex information architectures
- Declining customer engagement
- Entangled and partially digitalized legacy business processes
- Front and Back office co-ordination
- Tired of cumbersome business plans
- Stuck in Red Ocean(Heavily contested market spaces)

THE POWER OF DESIGN THINKING

How Design Thinking Impacts the organization

User Experience

80%

80% of online consumers are less likely to return to a website after a bad experience.

Good Design=Good Profits

219%

Design-driven companies have outperformed the S&P Index by 219% over 10 years

Design Culture

71%

Market Share

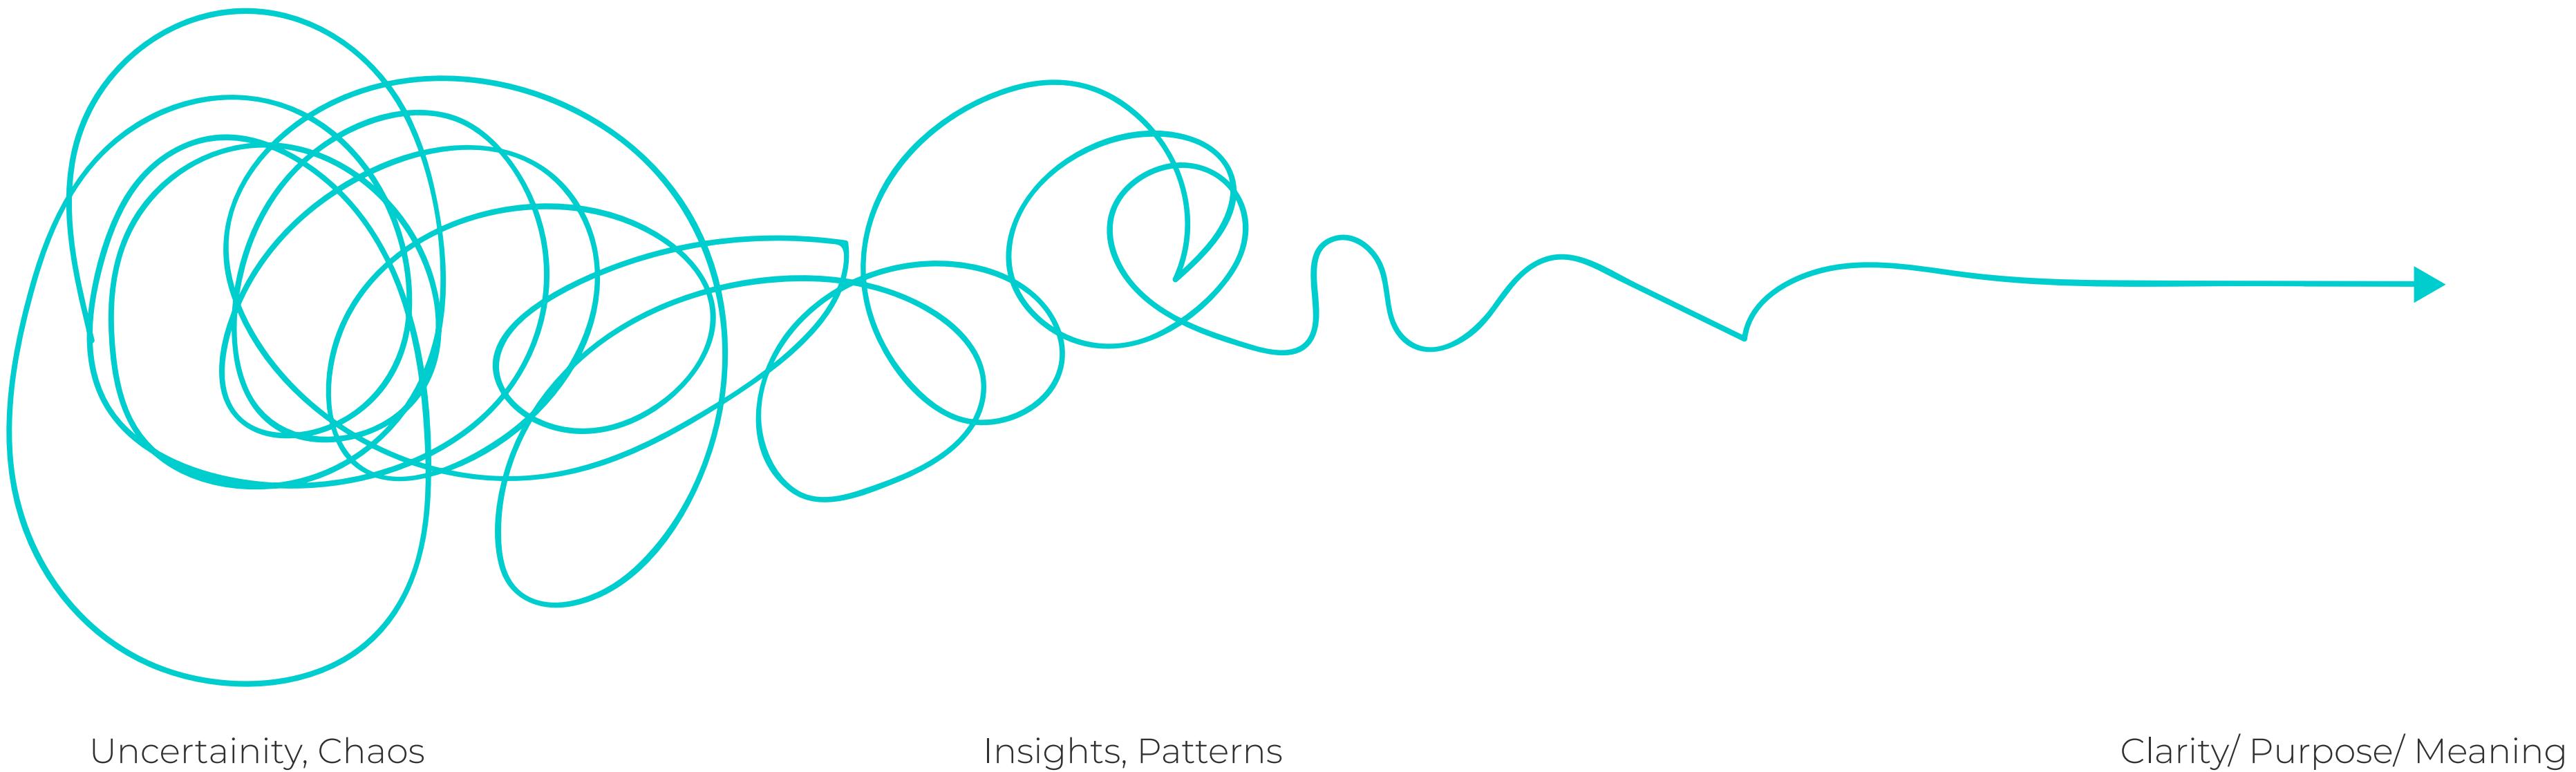

1.5x

Companies that foster creativity enjoy 1.5 times greater market share.

WHAT IS DESIGN THINKING?

“To design is to devise courses of action aimed at changing existing situations into preferred ones”

Herbet Simon

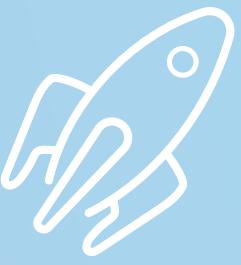

OUR TEAM

We are multidisciplinary team of designers, business consultants, service designers and researchers

Product Designers

User Experience Designer
Interaction Designer
User Interface Designers
Graphic Designers

Business Consultants

Strategic Foresight & Vision specialists
Business Designers
Design Strategists

Service Designers

Service Design
Business Process Designers

Researchers

User Research Specialists
Behavioural Research
Ethnographers

THREE DOMAINS

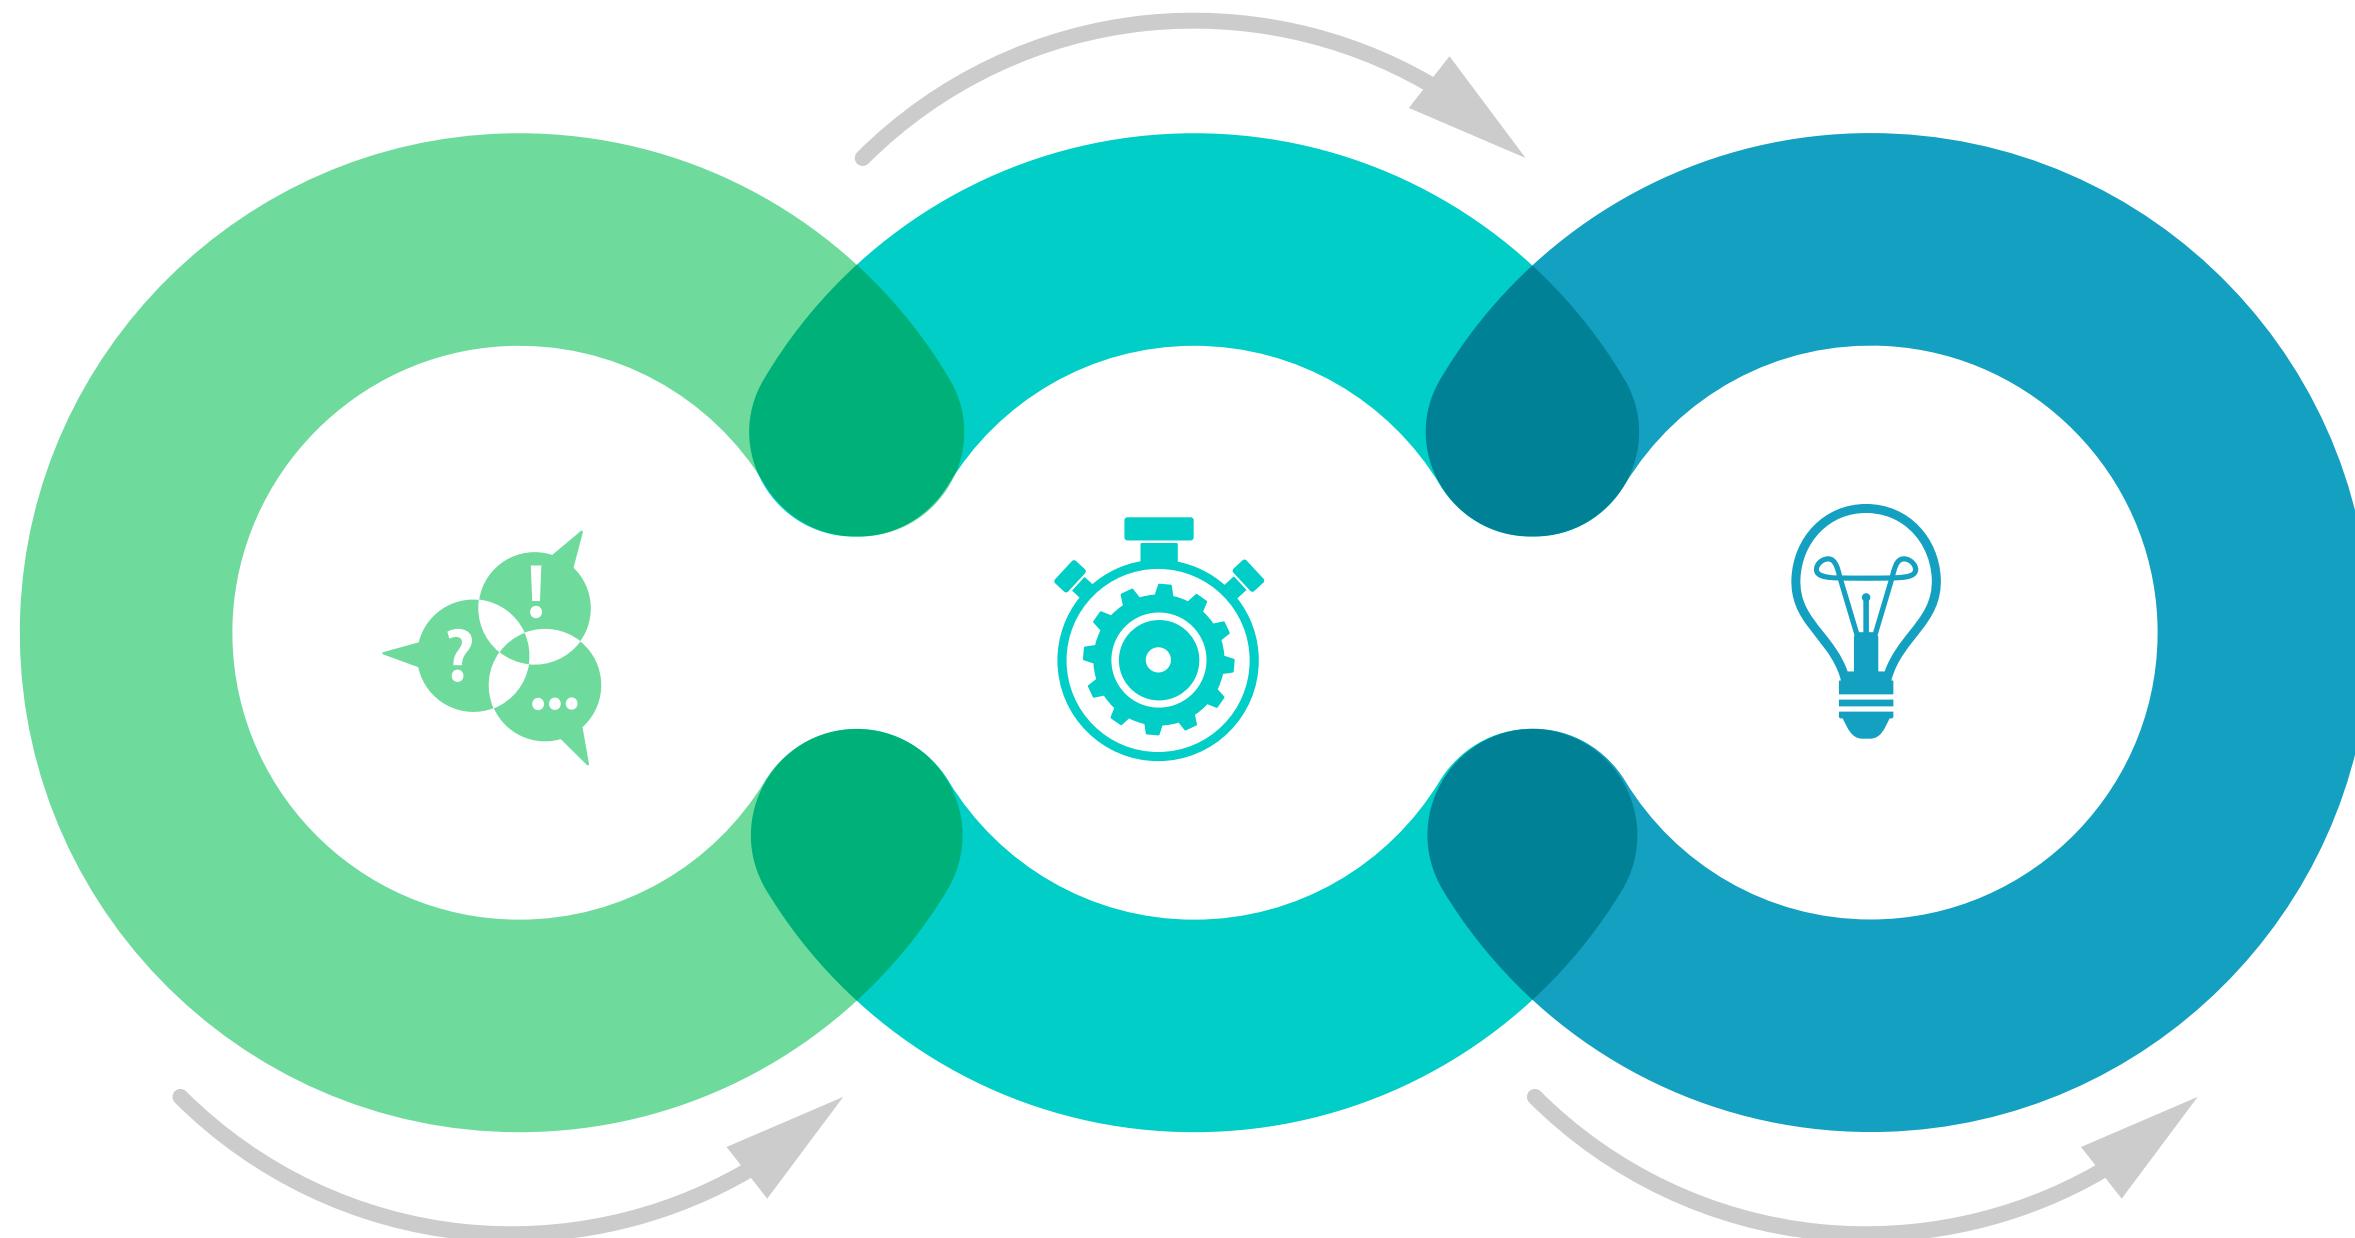

We work on diverse project by forming teams on adhoc basis.

RESEARCH AND DEVELOPMENT

New Frontiers and Value Proposition

Building a body of knowledge through research in following domains

- Design for AI, AR/VR, Blockchain, IOT
- Design for Digital Disruption & Transformation
- Design for Ventures
- Design for Emerging Futures
- Organizational Design

EXECUTION AND DELIVERY

Projects and Engagements

Undertaking the design projects that utilize the body of knowledge to better inform the design intervention in following areas

- Digital Experience Design
- Service Transformation and Design
- Strategic Foresight and Visioning
- Business Model Innovation

KNOWLEDGE SHARING

Connect and Evangelize

Creating meaningful interaction between Corporate, Academia and Design Agencies to understand the ever evolving needs of Design Thinking and its application for enhanced effectiveness with in a business context

- Design Thinking Bootcamps
- Design Workshops
- Service Design in Action
- Industry Academia Connect

- Open Innovation Connect

DIGITAL **EXPERIENCE DESIGN**

Value Proposition

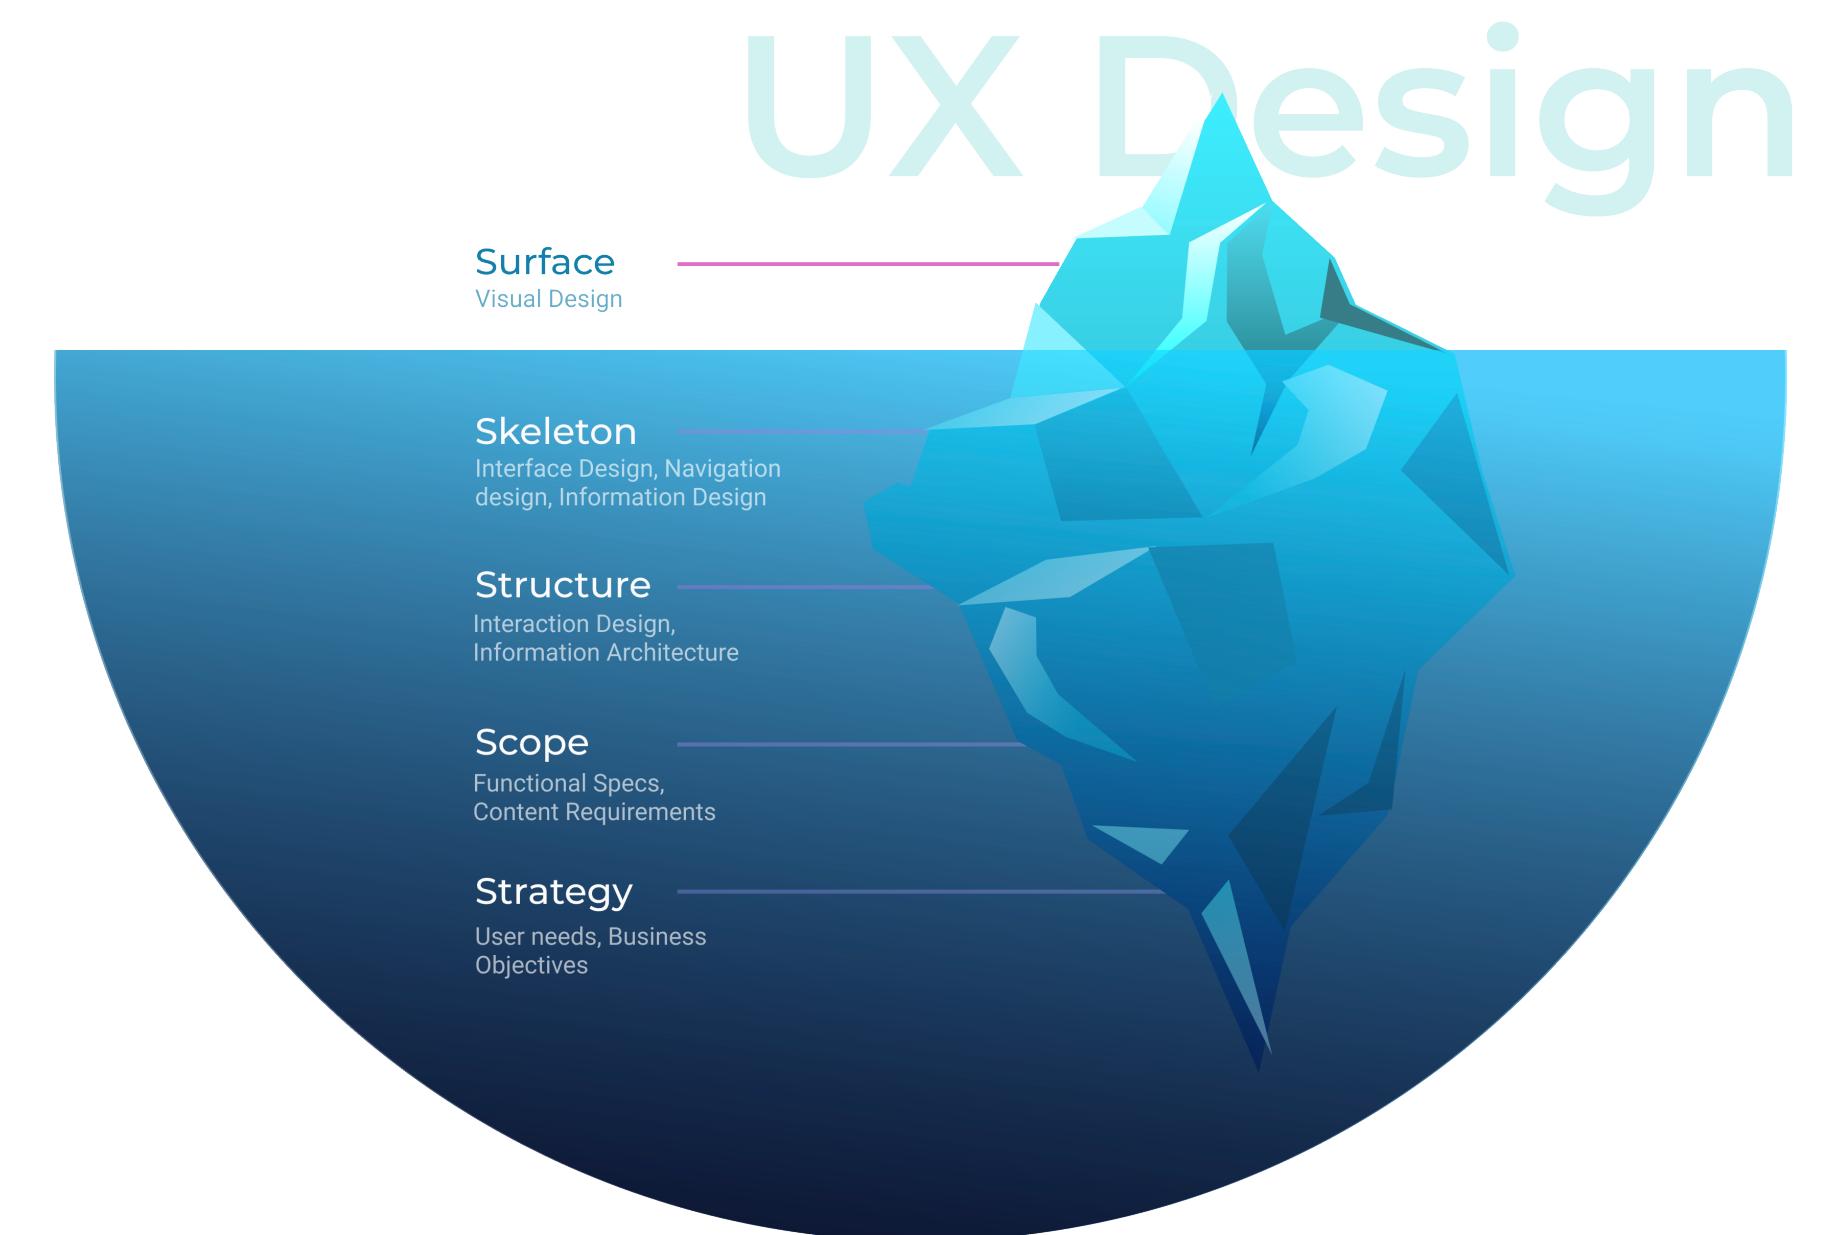

We imagine, strategize and create unique digital experiences that focus on moments that matter to customers. By engaging with stakeholders in co-creation workshops, we find the convergence of feasibility, viability and desirability enabled by lean methodologies

Offerings

Design for Digital Product and Platforms
Design for Emerging Technologies

Our USP

A complete suite of skills and competencies required to Design and End-to-End **Digital Experiences**

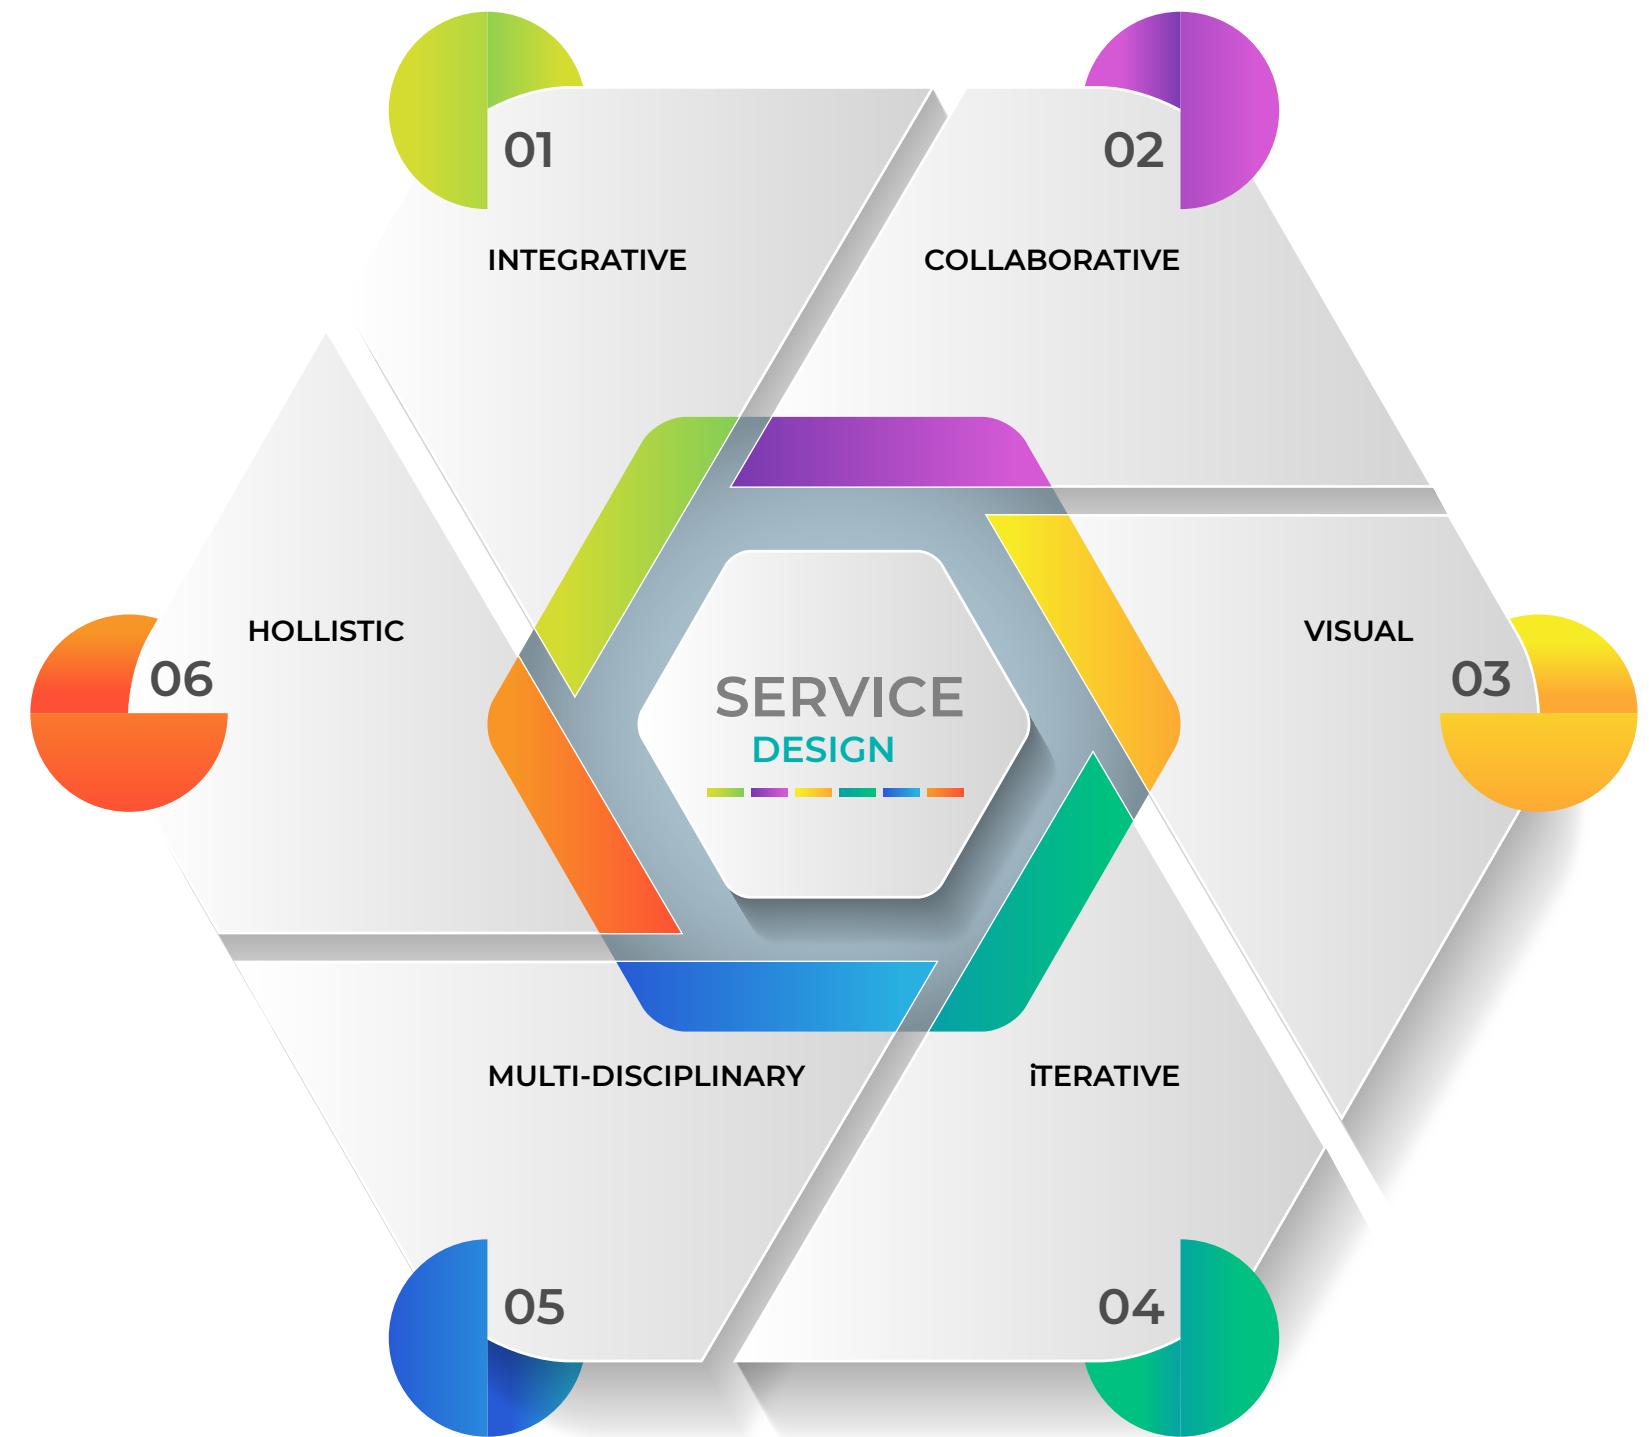

SERVICE TRANSFORMATION

Value Proposition

A creative, human-centred process to **service innovation**

Visual representation of Services, enabling system-wide understanding (**End-to-End, surface to core**) thereby encouraging meaningful and insightful conversations to design **delightful experiences**

Eliminating **organizational silos** by leveraging collaborative & co-creative methods that engage both customers/ users and service delivery terms

Offerings

- Process Design/ Operation Experience
- Design Employee Experience
- Digital Transformation Design
- Client Experience Design

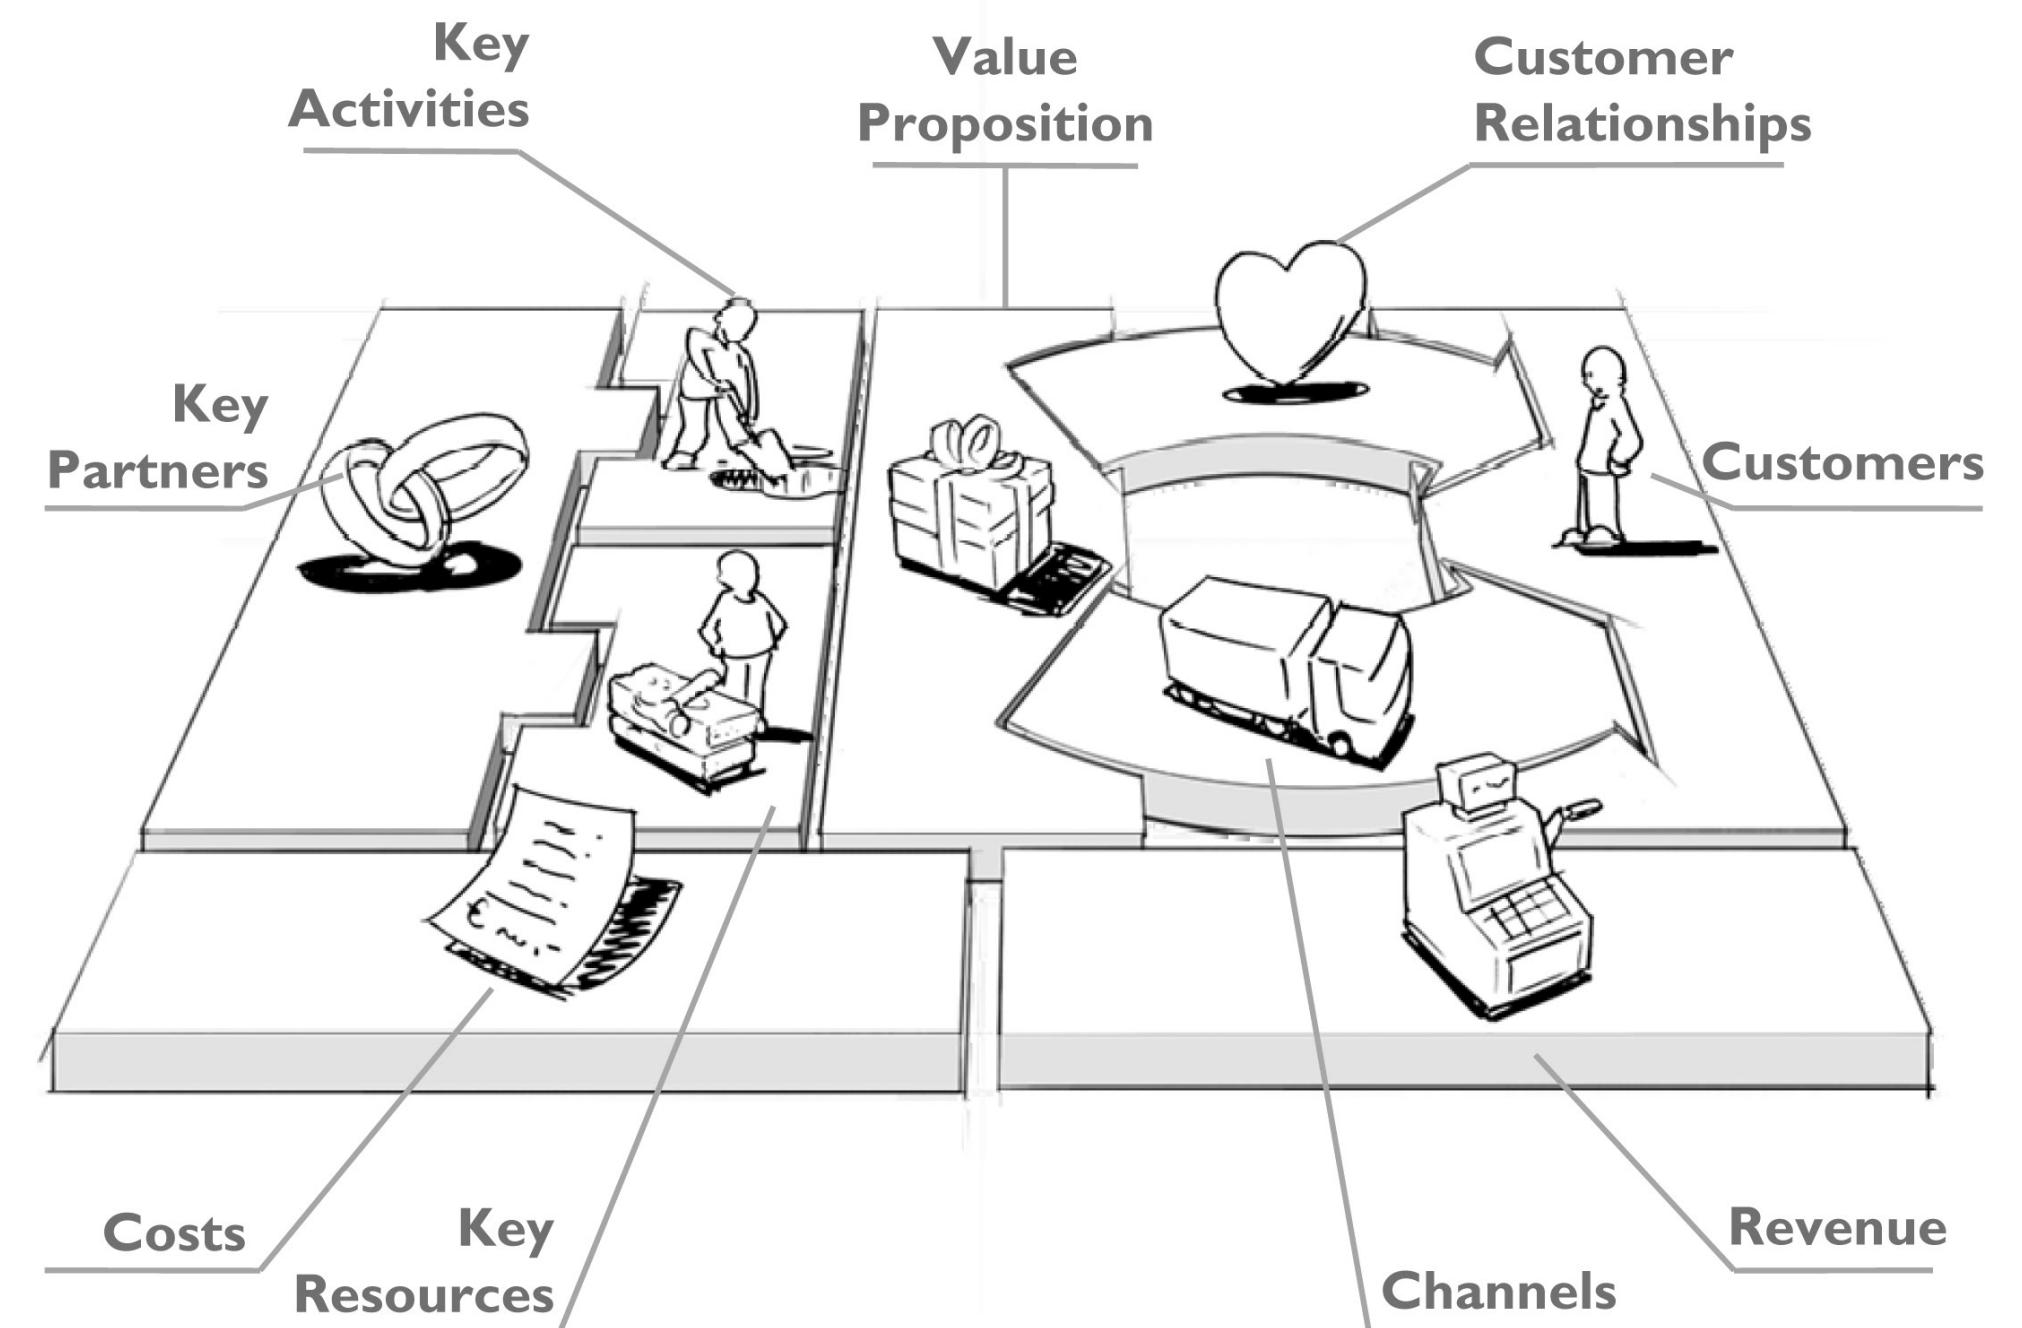

BUSINESS MODEL INNOVATION

Value Proposition

Business model is a lean approach towards creating business models built around **customer-centric** value propositions in order to **survive and thrive**, even in disruptive market conditions

It is about **redefining** business outcomes from competing in red oceans to the identification of blue ocean opportunities and capture uncontested market spaces

It powers new growth engines for the organization and helps foster a **culture of innovation**, allowing businesses to not only survive disruptions , but become **disruptor** themselves.

STRATEGIC FORESIGHT & VISIONING

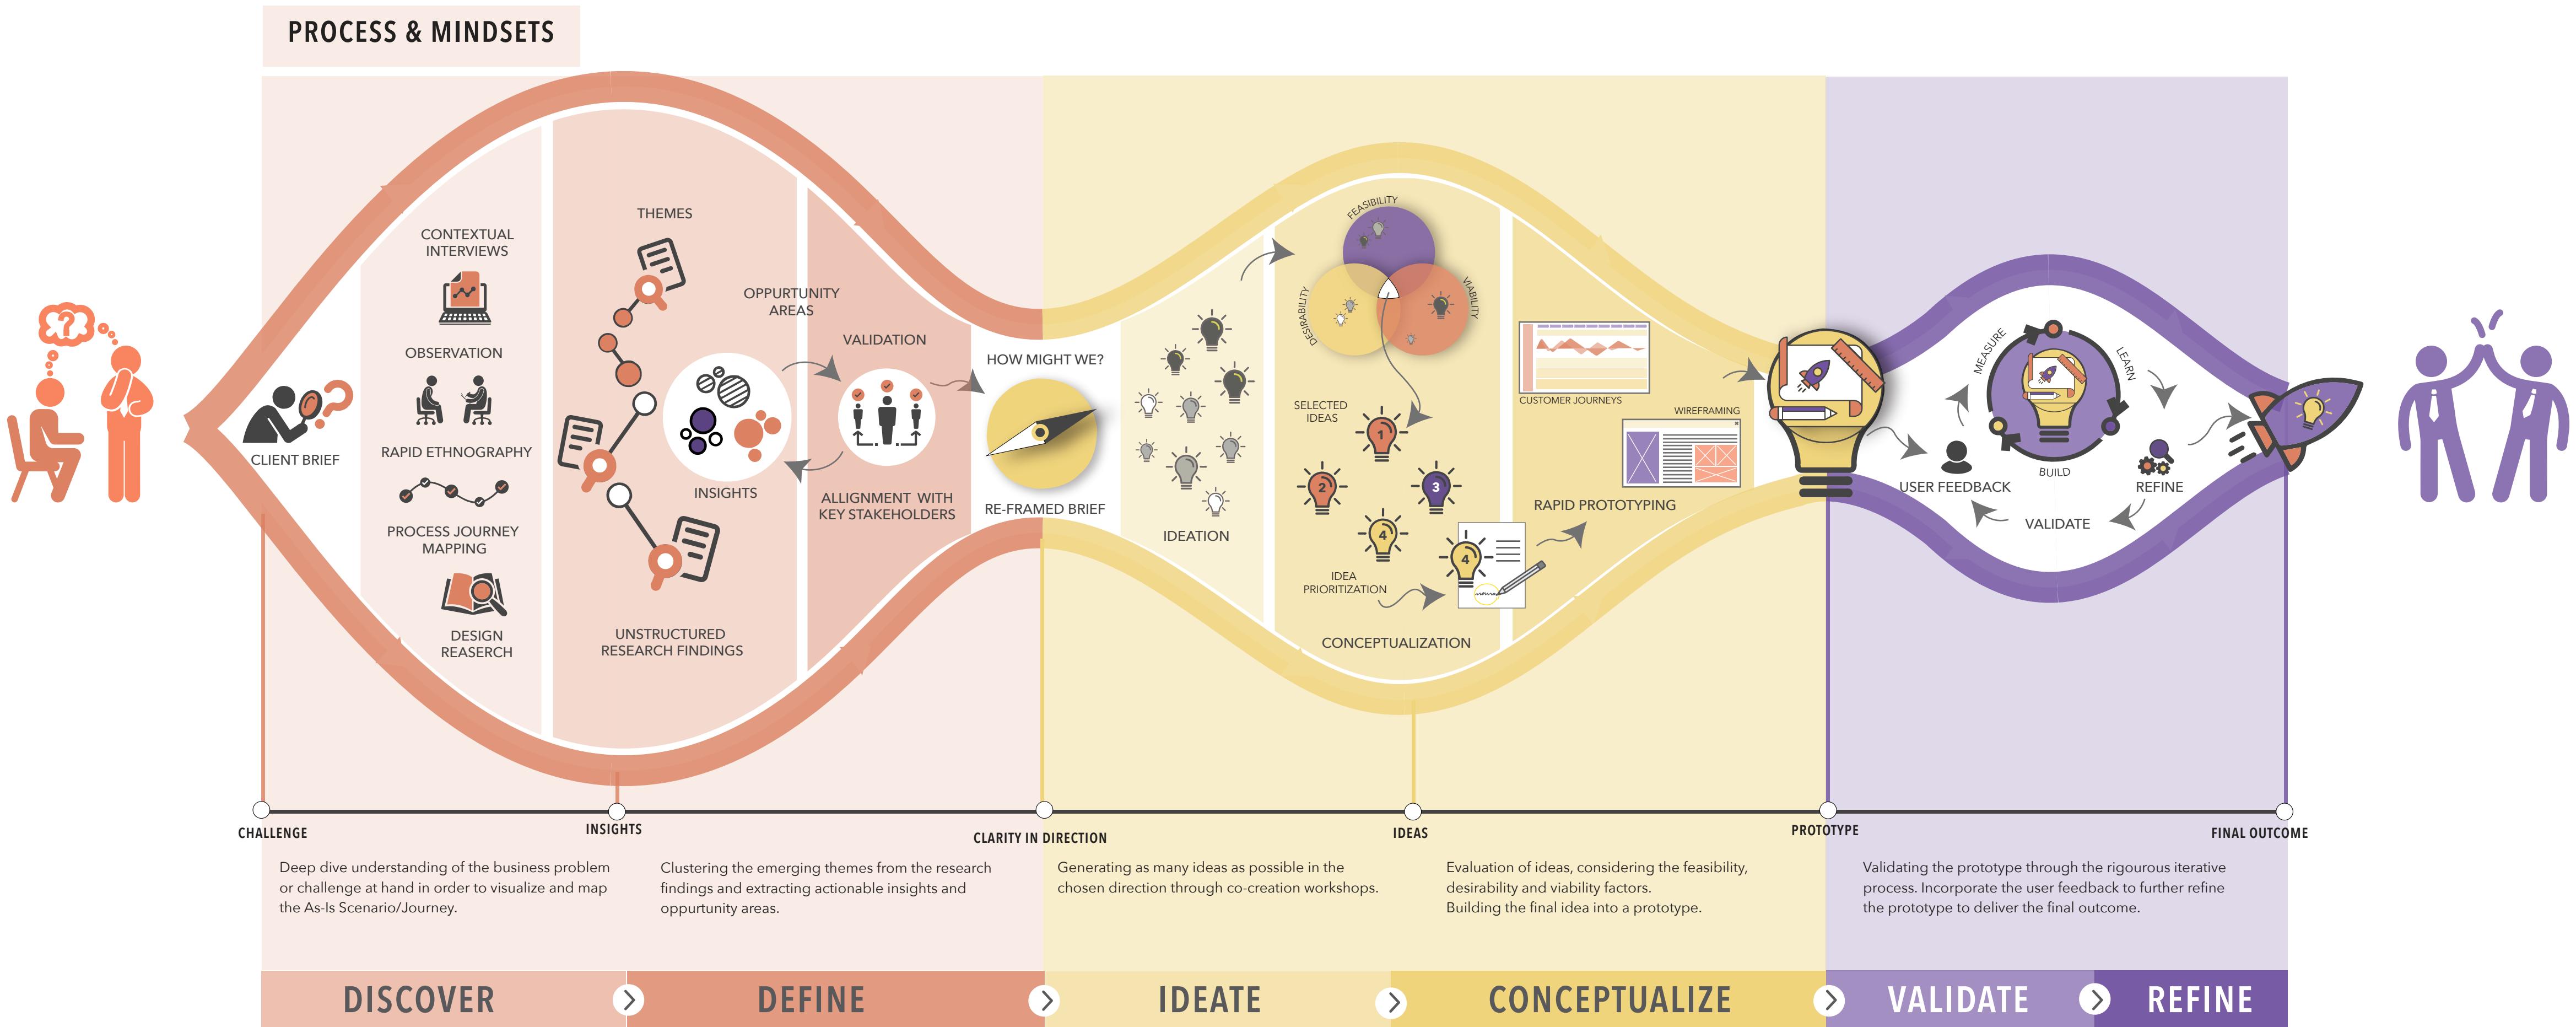

Value Proposition

Creating scenarios for organizations to assist in their strategic **thinking** and **planning** to build **resilience** against sudden impacts and changes in the business environment

Clients partake in creating compelling visuals to foster team vision, engage in **forecasting trends**, enabling them to foresee organizational **barriers and challenges** and develop **critical roadmaps and action** plans to align the business towards the **desirable future**.

OUR PROCESS

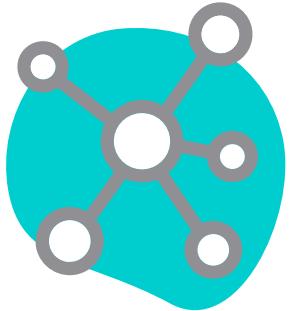

OUR MINDSET

DEEPLY EXPLORATIVE

Exploring the depth and breadth of the business **ecosystem** to reimagine the plausible futures.

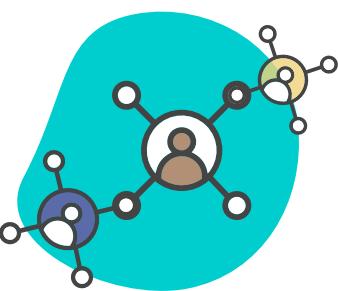

COMPREHENSIVELY HOLISTIC

Integrative blend of contextual and systemic viewpoints.

HUMAN CENTRIC

Empathetic, Emotive & Experiential.

CREATIVELY COLLABORATIVE

Breaking organizational silos through multi-disciplinary teams.

RELENTLESSLY ITERATIVE

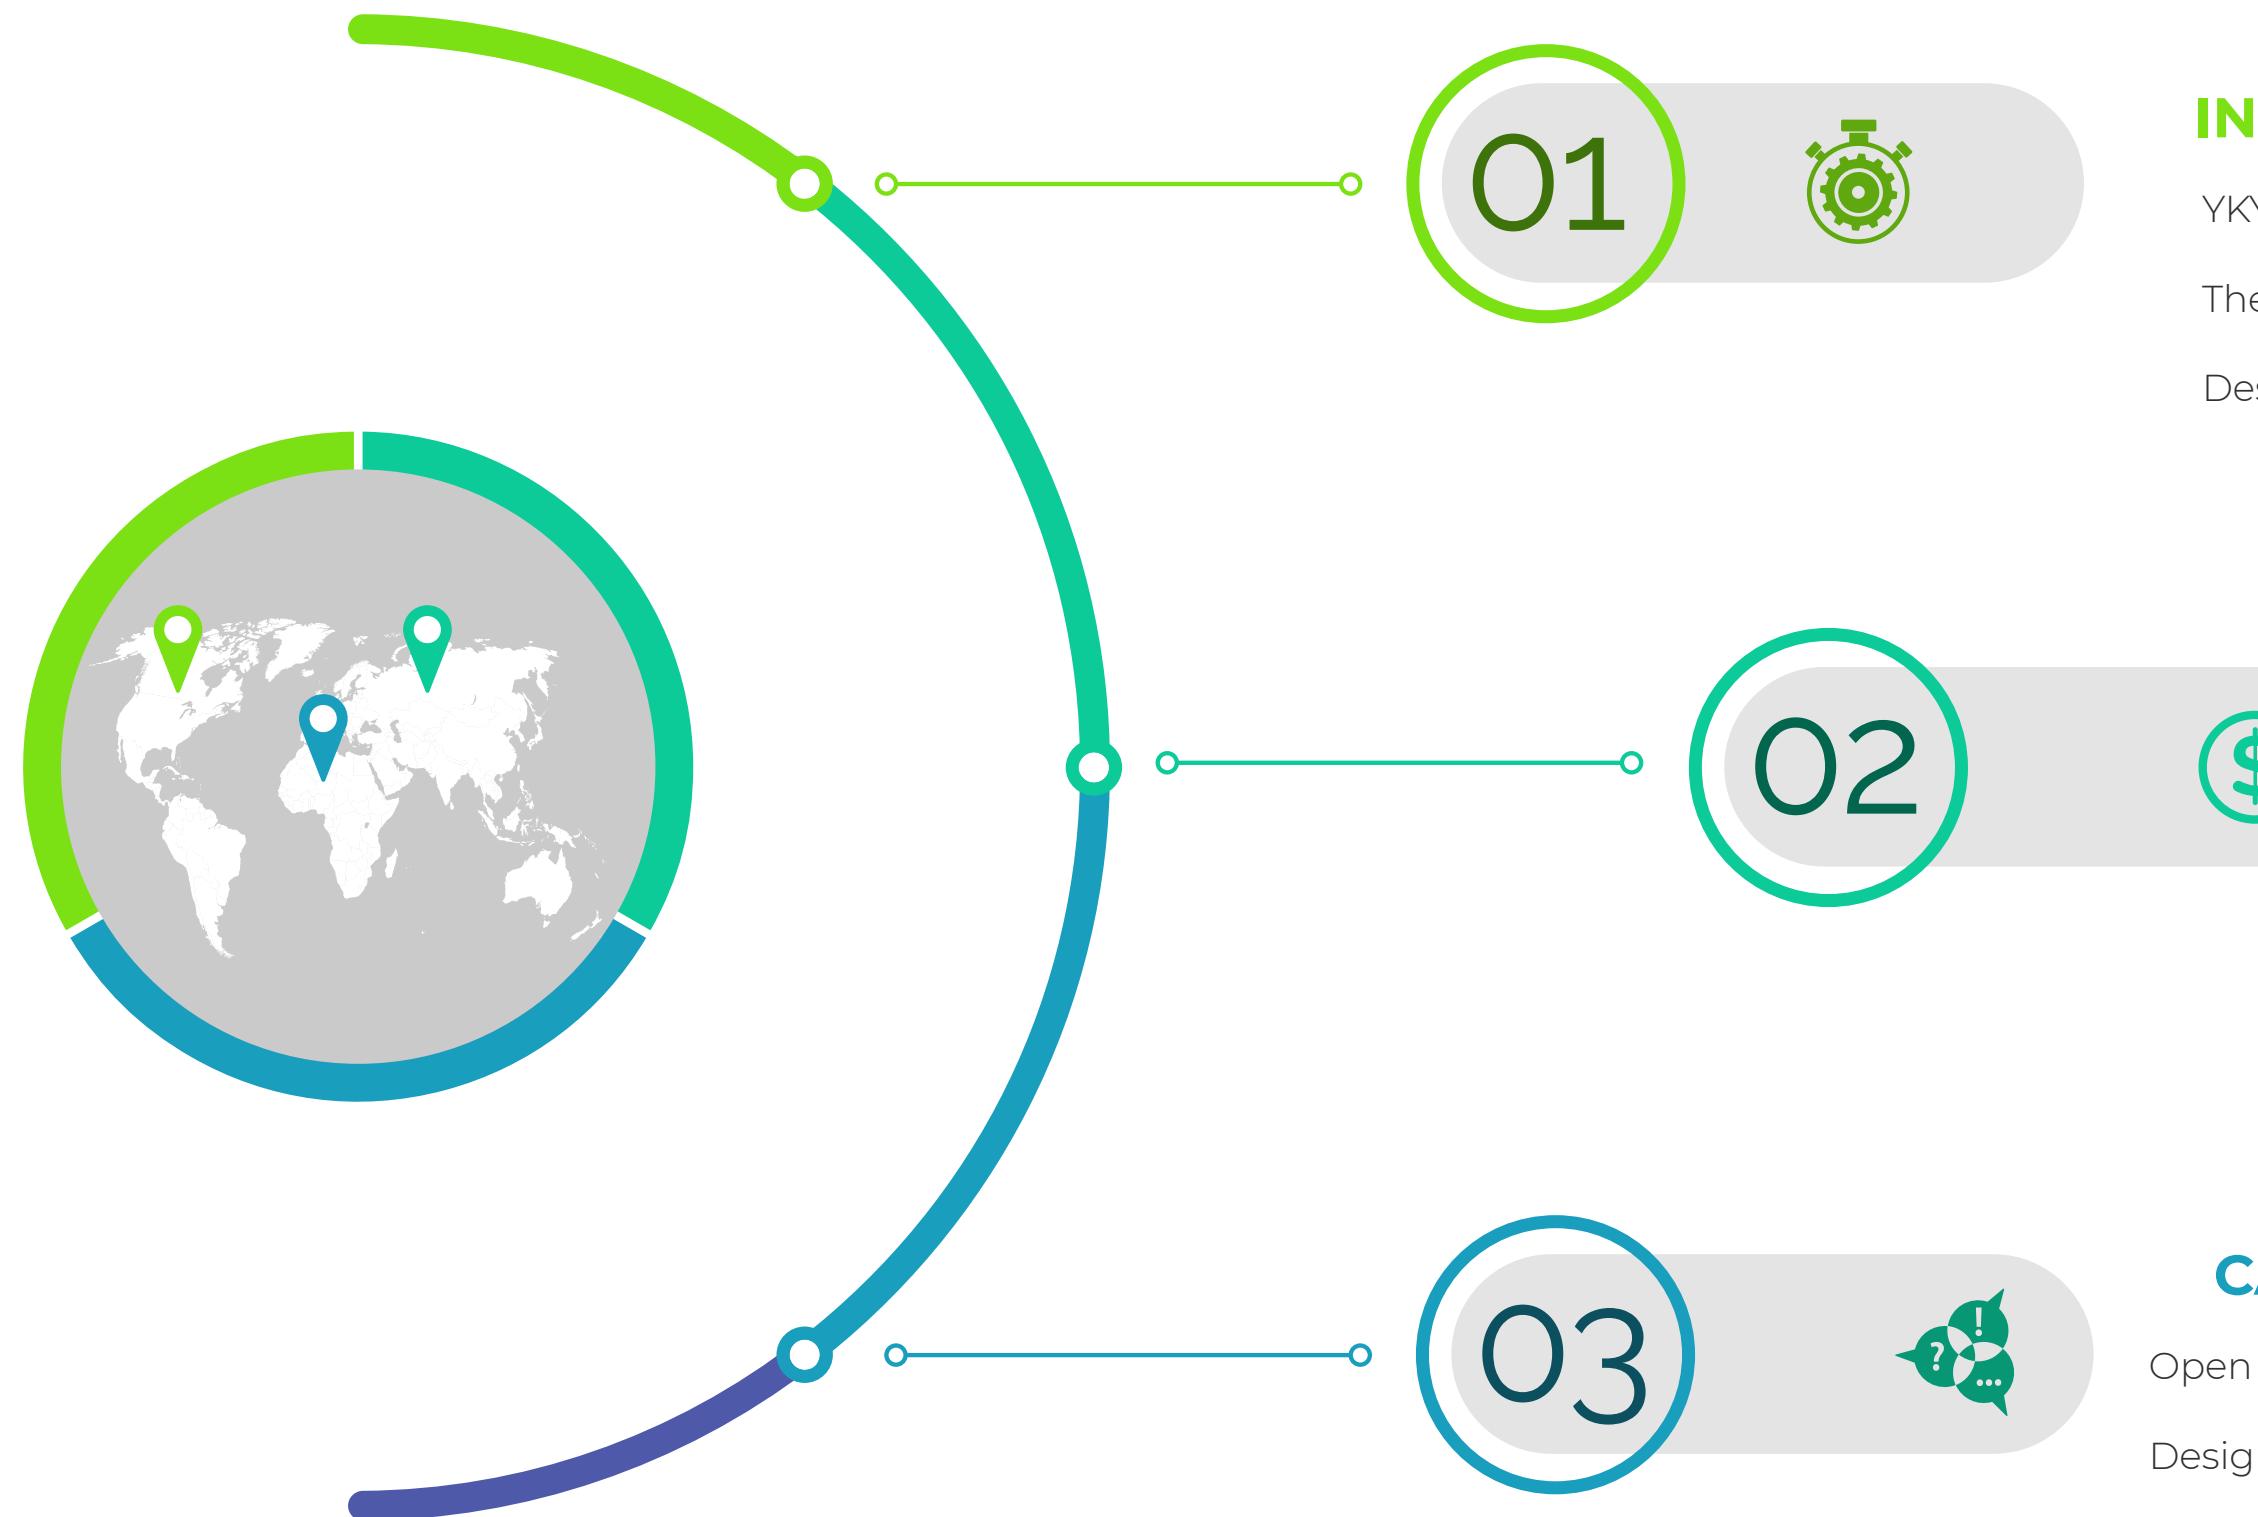

Tackling complexity, ambiguity and volatility through sustained re-alignment and refinement.

OUTCOME DIRECTED

Sustained quest for actualizing organizational outcomes.
